Dear Members of IPA Canada,

My name is Beverly Bryant. I am a retired RCMP Veteran (30 years) currently living in Old Shop, NL with my husband, Rick Hayward. We have one son and now one granddaughter!

I would like to highlight some of my diverse lifelong experiences that I feel makes me an excellent candidate for the vacant position of Director for the Board of IPA Canada and my motivation for applying for this position.

I have been a member of the IPA Region 16 since 2014 and I am currently the Director for NL area since 2016. I have assisted many IPA members and their family members visiting our province and I have attended various International Friendship Weeks as well as other IPA activities. During this time I have promoted the organization and it's many benefits at meetings and through my network of friends and colleagues. It was the many wonderful benefits of the IPA that lead me to become a member, particularly the International travel benefits. I believe that this organization has so much to offer others. I would like the opportunity to contribute to increasing the value of our IPA membership across Canada and I feel that I can help partner with businesses and assist IPA Canada to reach it's full potential.

I have always possessed strong communication and organizational skills. During my policing career I was very active in continuing my own education and training as well as facilitating and instructing training seminars and conferences for the RCMP and other police forces. I also had the privilege of being an Instructor of a ViCLAS Course at the Canadian Police College. I have always been instrumental in developing and implementing policies and best practices in the units I was working in. Having been on the core organizing committee for two successful policing conferences in St. John's, NL (one International where I was the first line of contact for many international delegates) I feel that these experiences have strengthened my leadership, problem solving and communication skills. My involvement in these policing organizations has allowed me to connect and network with police officers from all over the world!

I respectfully ask for your support in this upcoming election. I will work hard as a Director to ensure that your voice is heard and that our organization here in Canada will be revered as one of the best national organizations in the IPA universe. You may reach out to me anytime and I hope that we will soon be able to gather for many IPA functions in the near future where I look forward to meeting you!

Servo per Amikeco

Sincerely,

Beverly Bryant

Director IPA Region 16 Newfoundland and Labrador
